Subject: Incomplete Amendment, Western Utah Copper, WUCC Copper Mine, M/001/067,  
Task ID# 1980, County, Utah

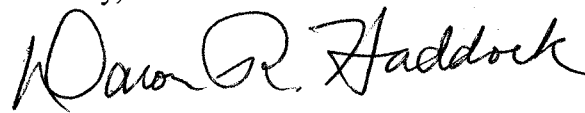

Dear Mr. Dotson:

The amendment to your approved Large Mine Plan was received by the Division on August 28, 2007. The application for this amendment to allow additional earth moving for future facilities construction for your Copper Mine is considered incomplete and the following deficiency was identified.

The deficiency is that specific mining related plans must be included with this amendment. You may not commence with your amended plan as outlined until this deficiency is addressed. If you can provide the necessary mining related plans associated with this earth moving activity, please resubmit this amendment.

Thank you for your cooperation. Any questions or concerns about this review can be addressed by myself at 801-538-5258 or Tom Munson at 538-5321.

Sincerely,

*Ser*
